Patent List

Fixed Tilt	
US 10,432,132 – Solar system having automatic grounding and associated methods	US 10,250,181 – Solar panel support devices and related solar panel support systems

Single Axis Tracker	
US 11,962,267 – Systems and methods for providing active share mitigation for a solar module	US 18/139,529 – System, methods and apparatus for photovoltaic array

Canopy	
US 9,985,154 and US 10,998,461 – Solar canopy system	US 11,601,086 – Solar canopy system with roll-formed structural components
